

# “Will We” Party Planning

## Preparation:

1. Print out 2 copies of the Party Activity cards.
  - a. Copy 1: Cut off the 10 party activities from the 5 point schedule. Cut apart the 10 activities. Keep the schedule intact.
  - b. Copy 2: Cut off the 10 party activities from the 5 point schedule. Leave the 10 activities intact as a Pixon Communication Board display and visual reminder of the activities that might be done at the party. The schedule bit is just extra.
2. Duplicate the appropriate visual support materials.
  - a. Pixons
  - b. Unity 45 Sequenced
  - c. Unity 60 Sequenced
  - d. Unity 84 Sequenced
  - e. Unity 144 Sequenced

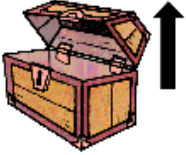

## Activity:

1. Discuss having a party with the child, giving examples from birthday and/or holiday parties that the child may have experienced. Tell him/her that you are going to have a pretend party and he/she has to guess what he/she will be doing at the party. (Be prepared to have the party if you promised one!) Plan for doing 5 things at the party.
2. Show the pictures of the various activities.
3. Place 5 of the cards face down onto the schedule. Have the child guess what you will be doing at the party (e.g., Will we sing?). As he/she guesses correctly, turn the card face-up on the schedule.
4. Once the schedule is revealed, it is time for the party.
